

pCon: partnership with EasternGraphics

Quadrifoglio and EasternGraphics reached an agreement for a strategic partnership. Quadrifoglio and its sales network will use pCon, leading solution in the configuration and budgeting. It's a solution based on standard data OFML (Office Furniture Modeling Language) of the German Furniture Association BSO. With pCon, Quadrifoglio will be able to offer an efficient budgeting process, both for retailers and designers. "We are very pleased to have Quadrifoglio among our customers" said Miguel Oliveira, Managing Director of EasternGraphics. "Quadrifoglio is a dynamic company with a significant international presence. I am sure that pCon will help Quadrifoglio to grow and provide high quality services in this field".

EasternGraphics is the leading company in the market for design, visualization and budgeting of complex products. Its solutions are used by companies and distributors in the furniture industry worldwide.
